Business Improvement Plan

1. Introduction – In one paragraph, briefly describe your business – what you sell, your core target markets, how your business is doing, etc. - as if the judges don't know anything about your business. This section does not count towards marks but should give judges some context to understand the rest of your plan. (0 marks)

2. SWOT analysis - Provide an overview or "SWOT" analysis of where your business/store currently sits in the marketplace (e.g. trading area & environment, customer profile, competitors, etc.). A SWOT analysis is a snapshot of the Strengths, Weaknesses, Opportunities and Threats that face your business. You may wish to use dot-points or a table. (5 marks)

3. Synopsis - Your plan in a nutshell. Briefly describe the business area you have chosen for improvement and what you plan to do. The SWOT process in Q2 should have helped you identify an area to improve or exploit. For example, your plan may choose to amplify a strength, combat a weakness, maximise an opportunity, or counter a threat – or even a combination of these! This section should give judges a clear but brief overview of your plan. (5 marks)
